Specialisations

Curious about diving deep into a field that sparks your passion?

Our array of specialisations is as broad as it is deep, cutting across majors to mirror the real world's complexities and the endless opportunities it presents.

Programmes / Specialisations	Biomedical Materials	Community Healthcare & Technology	Tissue Engineering	Biopharmaceutical Engineering	Process Engineering	Safety & Sustainability	Advanced Electronics	Industry 4.0	Internet of Things	Space Technology	Sustainable Electric Transportation	Digitalisation in Urban Infrastructure	Computational Engineering Science	Energy Science & Technology	Engineering Science in Medicine	Nanoscience & Technology	Analytics & Decision Intelligences	Supply Chain Analytics	Sustainability Analytics	Artificial Intelligence in MSE	Materials for Renewable Energy & Sustainability	Microelectronics & Quantum Materials	Nanostructured Materials & Nanotechnology	Aeronautical Engineering	Energy & Sustainability	Robotics	Landscape Studies	Landscape Practice	Design Futures & Critical Inquiry	Product Innovation	Social & Service Transformation	Sustainable Green Buildings
