Career Advisory

Take charge of your personal and career development with the help of your dedicated Career Advisor.

Career Events

Enabling students to explore potential career options, network and apply for opportunities.

Career Programmes

Discover Yourself

Understand your personality type, values, interests, skills and motivations. Students will then be able to better assess potential career paths and plan their experiential learning.

Enrich Yourself

Develop practical industry required skills through a series of industry partner led workshops.

Connect-Experience

Opportunities to apply your knowledge and develop skills while testing potential career paths.

Internships allow you to gain valuable work experience, build their professional connections, seek career opportunities upon graduation.

NUS CAREER FEST

8 - 9
OCT 2025

FROM GEN Z TO GEN AI:
THE PROMPT TO YOUR NEXT GREAT CAREER

Your work is going to fill a large part of your life, and the only way to be truly satisfied is to do what you believe is **great work**. And the only way to do great work is to **love what you do**. If you haven't found it yet, keep looking. Don't settle. As with all matters of the heart, you'll know when you find it.

Steve Jobs (2005 Stanford Commencement Address)
