Hands-on · Alongside Your Degree · From Year 1 · No Selection Criteria — Everyone Is Welcome

Join us, and I make you **3 promises.**

01

You Work On a Real Project.
Solve a Real-World Problem.
From Start To Finish.

02

You Build It With People From
Every Faculty.

03

You Leave With Options.

You Work On a Real Project. Solve a Real-World Problem. From Start to Finish.

Funding, fabrication facilities,
and mentors — **provided.**

Not sink-or-swim: we work
alongside you.

Problem statements from industry
partners — or **propose your own.**

01

PROMISE 01

2 of My Students. 1 Idea. US\$2.6 Million.

Anomaly Bio — Armaan and Samyak came to me after CDE2301 with their own idea: valorise food side-streams — turn trash into treasure.

Self-proposed. Failed a lot. Iterated. Built it.

**Silicon Valley → US\$2.6M raised →
Full-time Founders**

PROMISE 01

Pick Your Playground

Future Mobility

Better Healthcare

Sustainable Cities

Smarter Living

Intelligent Systems

Immersive Reality

Space Systems

**“You don't apply to a course.
You pick a problem you care about.”**

PROMISE 01

Or join a team that competes with the **WORLD**

These teams recruit **freshmen**.

PROMISE 02

You build it with people from every faculty.

Engineering

Computing

Science

Business

NUS iDP is a Community, Not a Timetable

“Your primary major gives you your depth. **This gives you your people.**”

You leave with **Options.**

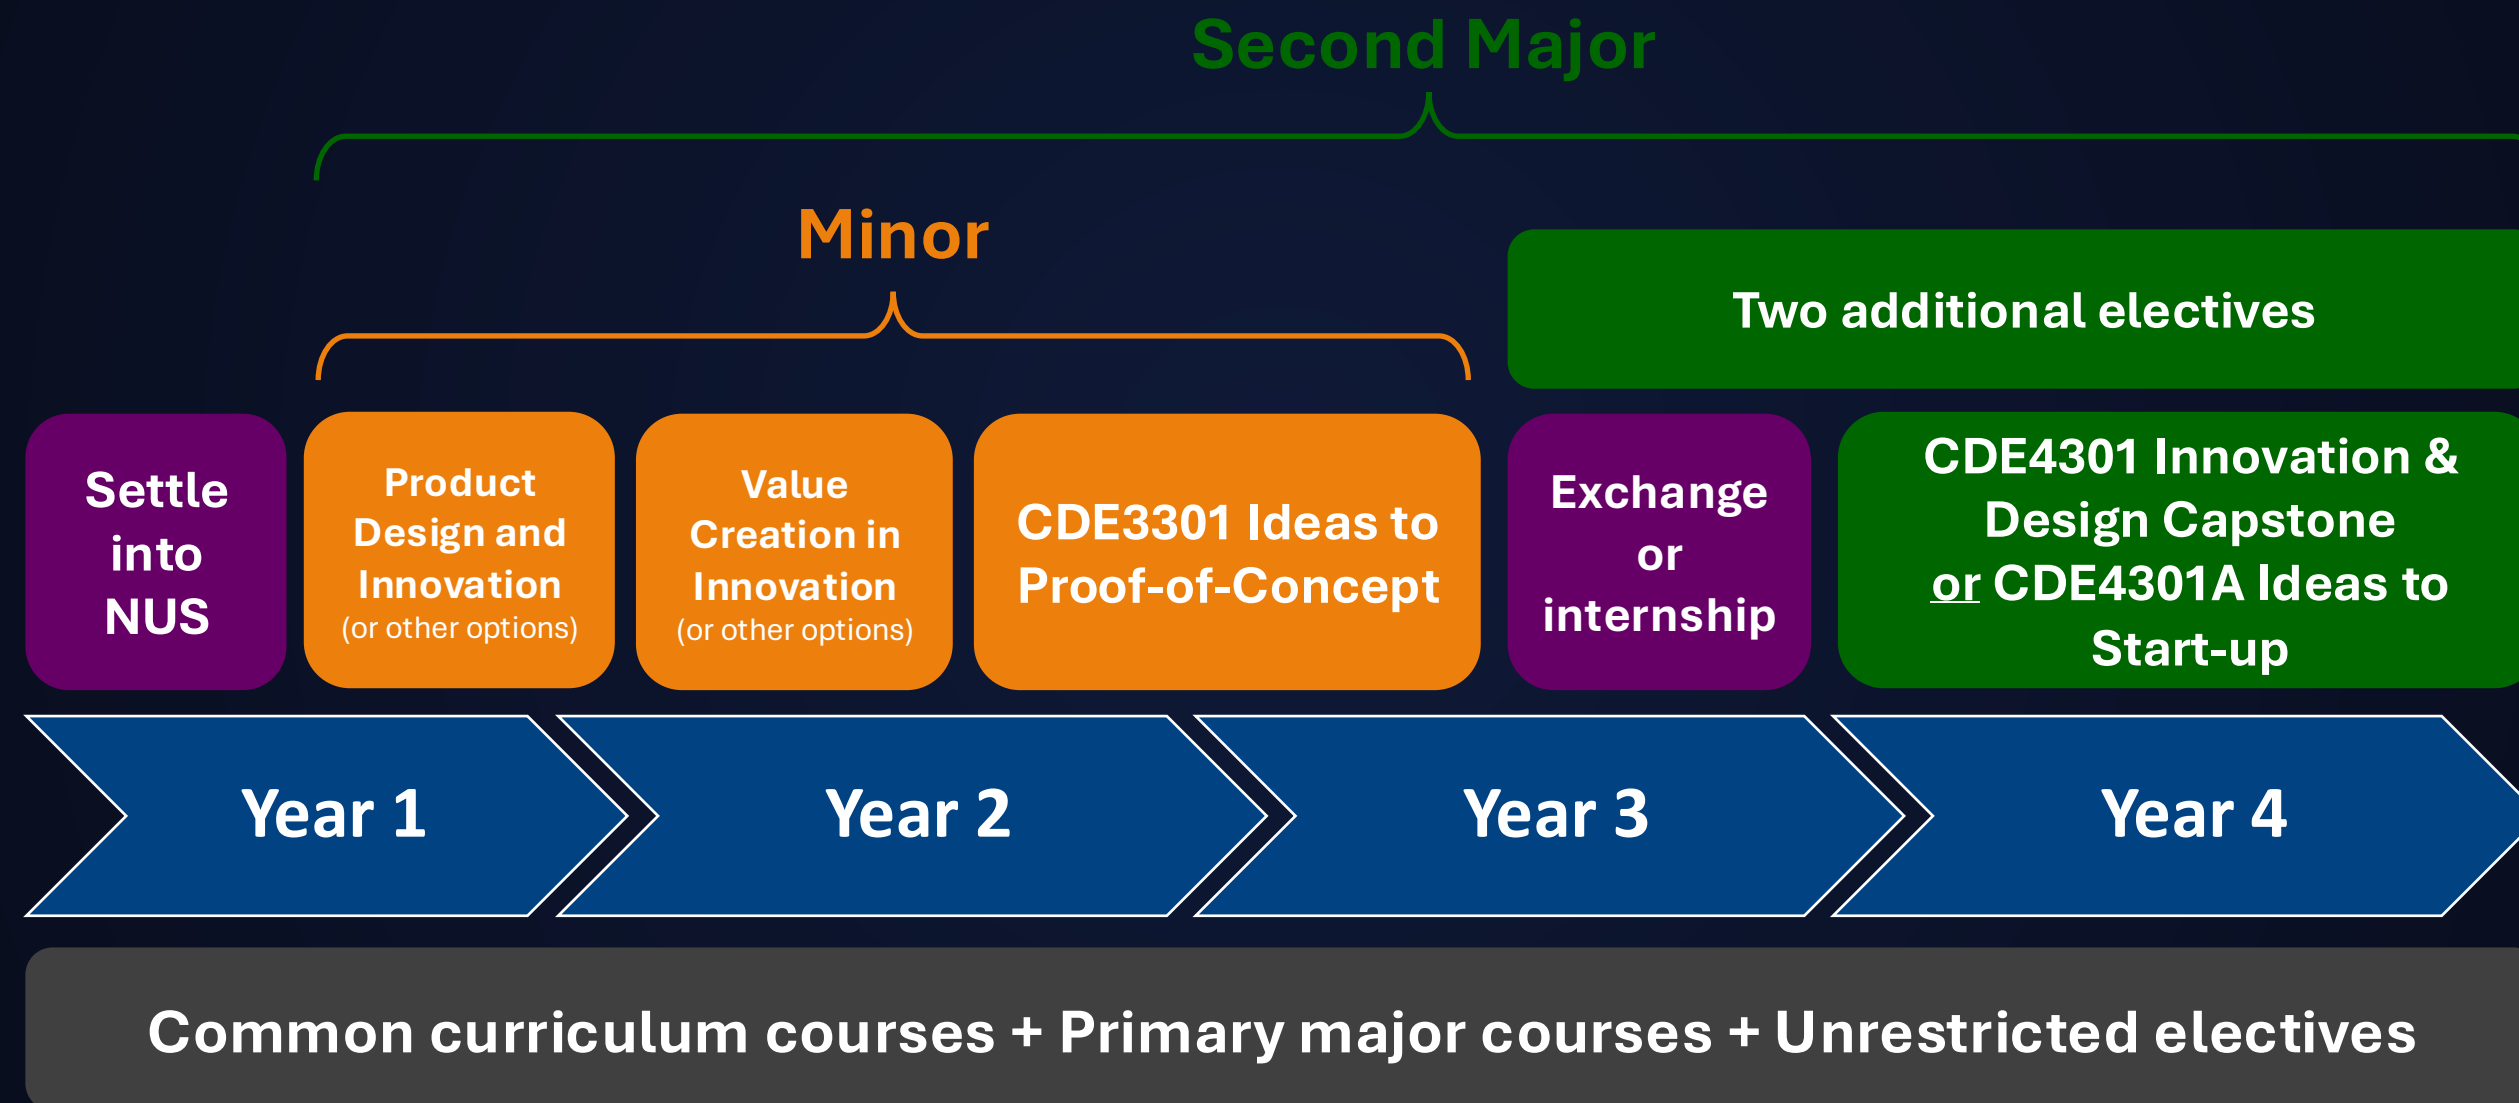

Something tangible to show — **employers, grad school, scholarships, grants, and even NUS Overseas College (NOC)**

NOC is competitive but **~20%** of NUS iDP students get there.

Proven: you work across **disciplines, skill sets, cultures** and have the **GRIT!**

03

It fits inside your degree.

Second Major or Minor in Innovation & Design — **does not extend your candidature.**

“Don't memorise this. There's a webpage.”

Free Tasting. **No Commitment.**
