

Examples	10 Courses	20 Courses	10 Courses
<i>If you want to become an Architectural Project Manager</i>	Minor in Project Management Minor in Cities	Architecture	Common Curriculum
<i>If you want to become a Medtech Entrepreneur</i>	Second Major in Innovation and Design	Biomedical Engineering	Common Curriculum
<i>If you want a career in the Pharmaceutical Industry</i>	Specialisation in Biopharmaceutical Engineering Minor in Pharmaceutical Science	Chemical Engineering	Common Curriculum
<i>If you want to become a Digital Civil Engineer</i>	Specialisation in Digitalisation in Urban Infrastructure Minor in Computing (Design and Engineering)	Civil Engineering	Common Curriculum
<i>If you want to become a Healthtech Engineer</i>	Minor in Public Health Specialisation in Internet of Things	Computer Engineering	Common Curriculum
<i>If you want to become an Data Scientist / Machine Learning Engineer</i>	Second Major in Applied AI (Design and Engineering)	Electrical Engineering	Common Curriculum
<i>If you want a career in Data Analytics</i>	Second Major in Statistics	Engineering Science	Common Curriculum

<i>If you want a career in Environmental and Sustainability Consultancy</i>	Second Major in Sustainable Urban Development OR Minor in Public Health Minor in GIS	Environmental and Sustainability Engineering	Common Curriculum
<i>If you want to become a Creative Technologist</i>	Minor in Computing (Design & Engineering) Specialisation in Product Innovation	Industrial Design	Common Curriculum
<i>If you want to become a Supply Chain Consultant</i>	Minor in Management Specialisation in Supply Chain Analytics	Industrial and Systems Engineering	Common Curriculum
<i>If you want to become a Sustainability Project Manager</i>	Electives in Project Management Specialisation in Sustainable Green Buildings	Infrastructure and Project Management	Common Curriculum
<i>If you want to become a Sustainability Consultant</i>	Minor in Economics Specialisation in Materials for Renewable Energy and Sustainability	Materials Science and Engineering	Common Curriculum
<i>If you want to become an Aerospace Engineer</i>	Specialisation in Aeronautical Engineering Specialisation in Robotics	Mechanical Engineering	Common Curriculum
<i>If you want to become an Environmental Robotics Engineer</i>	Second Major in Sustainable Urban Development	Robotics and Machine Intelligence	Common Curriculum
