LU, Yichun is a PhD candidate at the Department of Architecture, National University of Singapore (NUS DoA), under the supervision of Prof Lau Siu-Kit Eddie. His research interests include soundscape, environmental psychology, and noise management. Specifically, he focuses on the audio-visual interaction using Virtual Reality (VR) experiment and the ecological validity of VR experiment in environmental psychology research. Additionally, he is working on noise management in airport to protect the hearing of airport staff. Yichun has published papers in Applied Acoustics and The Journal of the Acoustical Society of America.
