

## SURATMAN, Pia Praptidita

Research Area: architectural heritage management

Department of Architecture,  
College of Design and Engineering,  
National University of Singapore,  
4 Architecture Drive, Singapore  
117566

Email: [pia@u.nus.edu](mailto:pia@u.nus.edu)

Currently pursuing a PhD degree in architecture at NUS, her research interest lies in the intersection of history, the physical environment, and the imaginaries of identity and belonging, arguing for the inclusion of children into architectural heritage management processes in forms of co-creation and co-management.

Prior to her studies here at NUS, Pia worked as an architect and joined Parahyangan Catholic University's architecture department as a faculty member.
