

ZHANG, Xudong

Research Area: Landscape & Health

A current PhD candidate in the Department of Architecture, National University of Singapore. His dissertation focuses on assessing the impact of visual landscape quality using image-based metrics on mental restoration and health. He completed his master's degree in landscape architecture at Delft University of Technology (TUD) in the Netherlands, holding a Sino-Dutch Scholarship (2017-2019) jointly awarded by the Ministry of Education, Culture, and Science of the Netherlands and the Chinese Scholarship Council (CSC).
