[Curriculum Vitae](#)

Zhu Yuanwei is a Ph.D. student at the Department of Architecture, College of Design and Engineering, National University of Singapore. She also works as a research assistant at the center for Sustainable Asian Cities. Her research fields and interests are mainly in the development of high-tech industrial parks and future urban planning driven by disruptive technology.

After 5 years of undergraduate studies in architecture and planning at the School of Architecture, South China University of Technology, China, she worked for the Guangzhou Urban Planning Bureau for 4 years. Then she obtained a master's degree in urban planning from National Cheng Kung University in Taiwan.
