How to Use LumiNUS

LumiNUS is the NUS' learning management system (LMS) where you can find lecture slides, videos, readings, assignments, online quizzes, and other learning resources in one place.

Accessing Course Resources on LumiNUS

1. Access LumiNUS at https://luminus.nus.edu.sg
2. Click on **NUS User Login** and log in using your NUSNET ID and password.

3. Enter with the below format to sign in:

   nusstu*your userid*

   your password

   If you encounter problems logging in for the first time, please contact NUS IT Care at 6516 2080 or by email at itcare@nus.edu.sg.
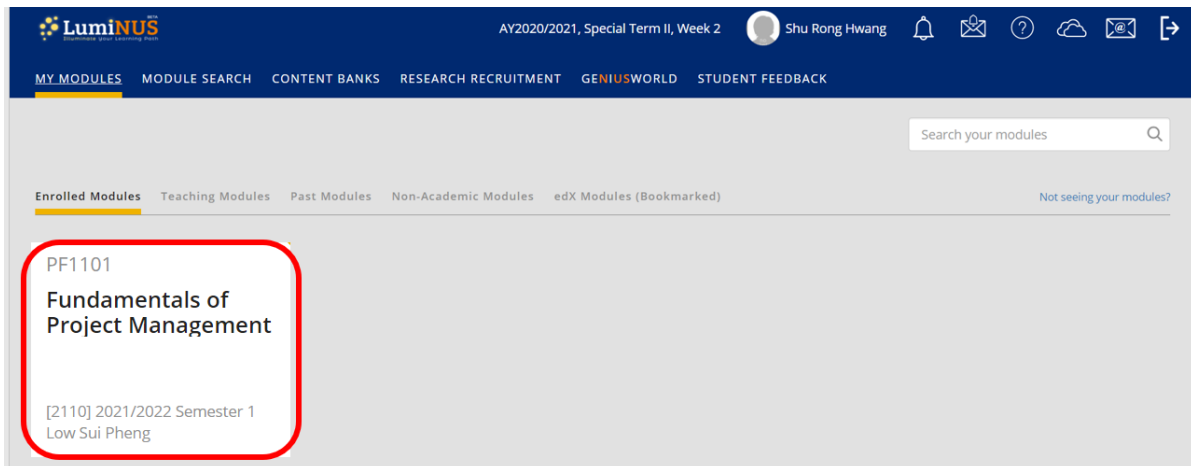

4. Once you are logged in, you will see all the modules you have enrolled. These modules are listed as cards in **MY MODULES** page. To access the module, click on the module card.

5. The first page that you will see when you enter the module is the **Overview** page. This page will show you information regarding your module, module trailer, and Learning Flow.

6. The **Module Overview** link can also be found on the left-hand side panel of your module. It is displayed under the header **GENERAL**.

7. Below is how the main page will look like for most modules. On the left-hand side panel is a menu where you can access various course resources. If you put your mouse over the menu bar, you can scroll up and down to find more items.
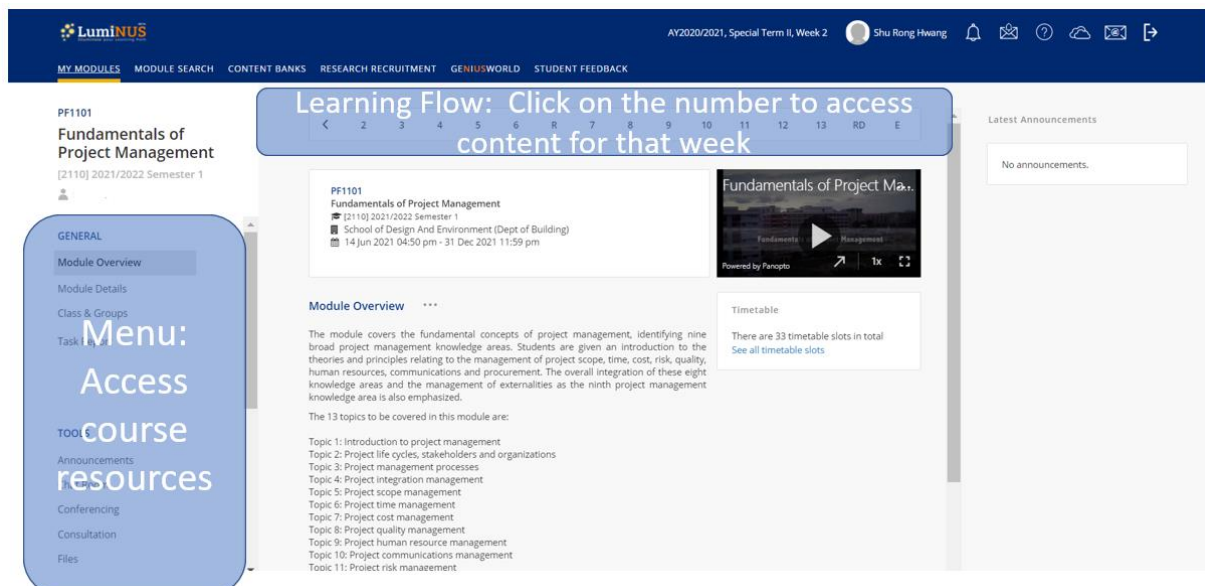

Here's a description of some important features:

PF1101 **Fundamentals of Project Management** [2110] 2021/2022 Semester 1 👤 **TOOLS** Announcements Chat Room Conferencing Consultation Files Forum Gradebook Multimedia Poll Quiz Survey SCORM Web Lectures	• **Announcements:** Read the latest and previous announcements sent out by the module coordinator • **Conferencing:** Attend online Zoom lecture.
