Master of Science in Biomedical Engineering (MSc BME)

Hear from our **programme director** on the **curriculum, career prospects and application tips**, and from a current MSc BME student about their **experience** on the programme. Bring your questions — we'll answer them live.

WHO IS THIS FOR?

- Undergraduates in Year 2 or above studying engineering, life sciences, medicine or a related field, and planning a master's degree in biomedical engineering
- Working professionals and recent graduates looking to advance their careers in the medtech, biotech or healthcare industry
- International students passionate about developing technology that addresses real medical challenges, and considering postgraduate study in Singapore

11 Nov 2026, Wednesday
2PM - 3PM (GMT+8)

Zoom Webinar

SPEAKER

**Assoc Prof
Poh Chueh Loo**
Programme Director,
MSc in Biomedical Engineering,
BME, CDE, NUS
