

SEMINAR ANNOUNCEMENT

**DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING
COLLEGE OF DESIGN AND ENGINEERING**

Website: <https://cde.nus.edu.sg/ece>

Area: Power and Energy Systems

Host: Professor Dipti Srinivasan

**Jointly Organized by:
Green Energy Management and Smart Grid Research Center**

TOPIC	:	Recent Developments In Singapore's Energy Sector
SPEAKER	:	Mr Dave Liew Principal Analyst (Strategic & Corporate Planning), Policy & Planning Department, Energy Planning and Development Division, Energy Market Authority, Singapore
DATE	:	Thursday, 2 March 2023
TIME	:	2.00PM to 3.00PM
VENUE	:	Block EA, Engineering Auditorium College of Design and Engineering, NUS

ABSTRACT

Singapore's energy sector has come a long way over the last 50 years and now faces new challenges from climate change. As part of the whole-of-nation movement towards greater sustainability, our energy future will be guided by the four energy supply switches, while promoting energy efficiency to reduce demand. This seminar will discuss why is decarbonising the power sector a key agenda today, what is the Singapore Energy Transition all about, and how can we play a part.

BIOGRAPHY

Mr Dave Liew is the Principal Analyst for Strategic & Corporate Planning in the Policy & Planning Department of Energy Market Authority in Singapore. The Division oversees the planning and developmental aspects of EMA's work in the energy sector. His work involves developing capabilities to develop long-term energy strategies and provide impetus to the growth of the energy industry in Singapore.
