For information	<ol style="list-style-type: none"> Effective from Academic Year 2022/2023, the MSc (Electrical Engineering) programme is now a self-funded coursework programme. Existing students admitted prior to the AY2022/23 intake will not be affected by the fee revision. The MSc (Computer Engineering) is a self-funded coursework programme launched from August 2022; while MSc (Semiconductor Technology and Operations) launched from AY2024/2025. With the announcement from the Minister of Finance on the increase in GST rate, we have updated the applicable GST charges and the breakdown of the programme fee and payment schedule for the applicable intake. The GST increase will be 8% in 2023, and 9% in 2024 onwards. Refer to section on important notes. 	

IMPORTANT NOTES

1. The fees listed are in Singapore Dollars (SGD). Amount is subjected to the prevailing Goods and Services Tax (GST) rate.
 - a) For applicant who applied on or before 31 Dec 2023, the GST charges will be based on 8%. This would apply to the application fees and acceptance fee.
2. With effect from AY2022/2023 onwards, the ECE Master of Science coursework degree tuition fee is chargeable by Programme basis.
3. Tuition fees (by Programme) are reviewed annually and is subject to revisions.
4. Programme fees do not include the costs of recommended textbooks and readings.
5. The cost of travels, accommodation, and other miscellaneous expenses are not included in the total programme fees and are to be borne by the students themselves. For an estimated cost of living in Singapore, you may use this [guide calculator from an external site](#) as a reference.
6. The payment of the programme tuition fees for cohorts of AY2022/2023 onwards is split into 2 payment schedule and to be paid over 2 semesters for full-time students, whereas it is split into 4 payment schedule and to be paid over 4 semesters for part-time students.
7. The payment of the tuition fees for existing students (i.e. cohorts prior to AY2022/2023) under the government-subsidised graduate programme is on a per semester basis, subject to the Normal Candidature (NCD) period as stated at the [Office of the University Registrar \(OUR\)](#).
8. Full payment of programme tuition fee is required before completion and award of the degree.
9. All students are liable to pay the **Miscellaneous Student Fees (MSF)**. The MSF is chargeable on a semester basis in each semester that a student remains active in the system. This is apart from the programme fee. Details of the miscellaneous student fees payable are available at the [Office of the University Registrar \(OUR\) webpage](#).
10. Payment of the tuition fees and miscellaneous student fees are to be made by the stipulated due date set by Office of Finance. If fees are not paid or only partially paid by the due date, a late payment charge may be imposed by NUS.
11. By default, candidature is dismissed when maximum candidature is reached. Additional tuition fees will be charged if student is unable to complete the degree requirement within the maximum candidature period. This will be subject to approval on a case-by-case basis if request for extension of maximum candidature has been approved by NUS.
12. If the payment schedule by a student deviates from the published fees and payment schedule table for the applicable intake (for example, due to approved Leave of Absence (LOA) for the semester), the applicable prevailing GST rate will apply.
13. Students may utilise SkillsFuture Credit (SFC) to offset partial tuition fees if applicable. **Refer to the guide on SFC application at:** <https://www.nus.edu.sg/finance/students/student-finance-matters.html>

TUITION FEES FOR GOVERNMENT-SUBSIDISED GRADUATE PROGRAMMES

Admitted before August 2022

For existing ECE MSc (Electrical Engineering) students admitted before August 2022, please refer to the annual Tuition Fees table posted at Office of the University Registrar (OUR) webpage for the different categories of **government-subsidised graduate programmes**:

<https://www.nus.edu.sg/registrar/administrative-policies-procedures/graduate/graduate-fees>

REMINDER:

Tuition Fee beyond Normal and Maximum Candidature Period

With effect from of AY2019/2020, students admitted into a government-subsidised graduate coursework degree programme and who take longer than the [normal candidature period \(NCD\)](#) to complete their degree requirements will have to pay full unsubsidized fees, during the extended semesters.

Students who are admitted prior to AY2019/2020, will continue to pay subsidised fees until their maximum candidature period. Those who take longer than the maximum candidature period is required to pay full unsubsidised fees, during their extended semesters.
