

Hermes-Epitek Innovation Scholarship

In 2021, Hermes-Epitek Corporation Pte Ltd made an endowed gift of S\$1,375,000 to the Faculty of Engineering (now College of Design and Engineering) to support Undergraduate and Master's Scholarships.

The bond-free undergraduate scholarship of up to S\$14,000 per annum (subject to the availability of the distributable return from the capital sum) is awarded to a deserving student for his/her normal course duration. This scholarship is **by invitation only**. Shortlisted students will be invited to submit the necessary documentation and may be required to attend an interview.

Selection Criteria

The applicant should:

1. Be a Singapore citizen.
2. Be a full-time engineering undergraduate in his/her first year of study (i.e., matriculation year).
3. Possess outstanding Singapore-Cambridge GCE A Level, local polytechnic diploma, International Baccalaureate diploma, NUS High School diploma or equivalent qualification. Participation in extra-curricular activities or community service will be considered favourably.
4. Not concurrently hold any other scholarship, fellowship, bursary, grant, award or allowance, without prior written approval from NUS.

Scholarship recipient needs to complete at least 12 units of courses that are related to Scanning Electron Microscopy over the normal course duration. In addition, the recipient needs to maintain a Grade Point Average (GPA) of 3.50 and above in each academic year to continue receiving the scholarship.
