

Aqualix is a patented technology that improves survivability and growth of aquaculture livestock through magnetic activation of livestock muscle

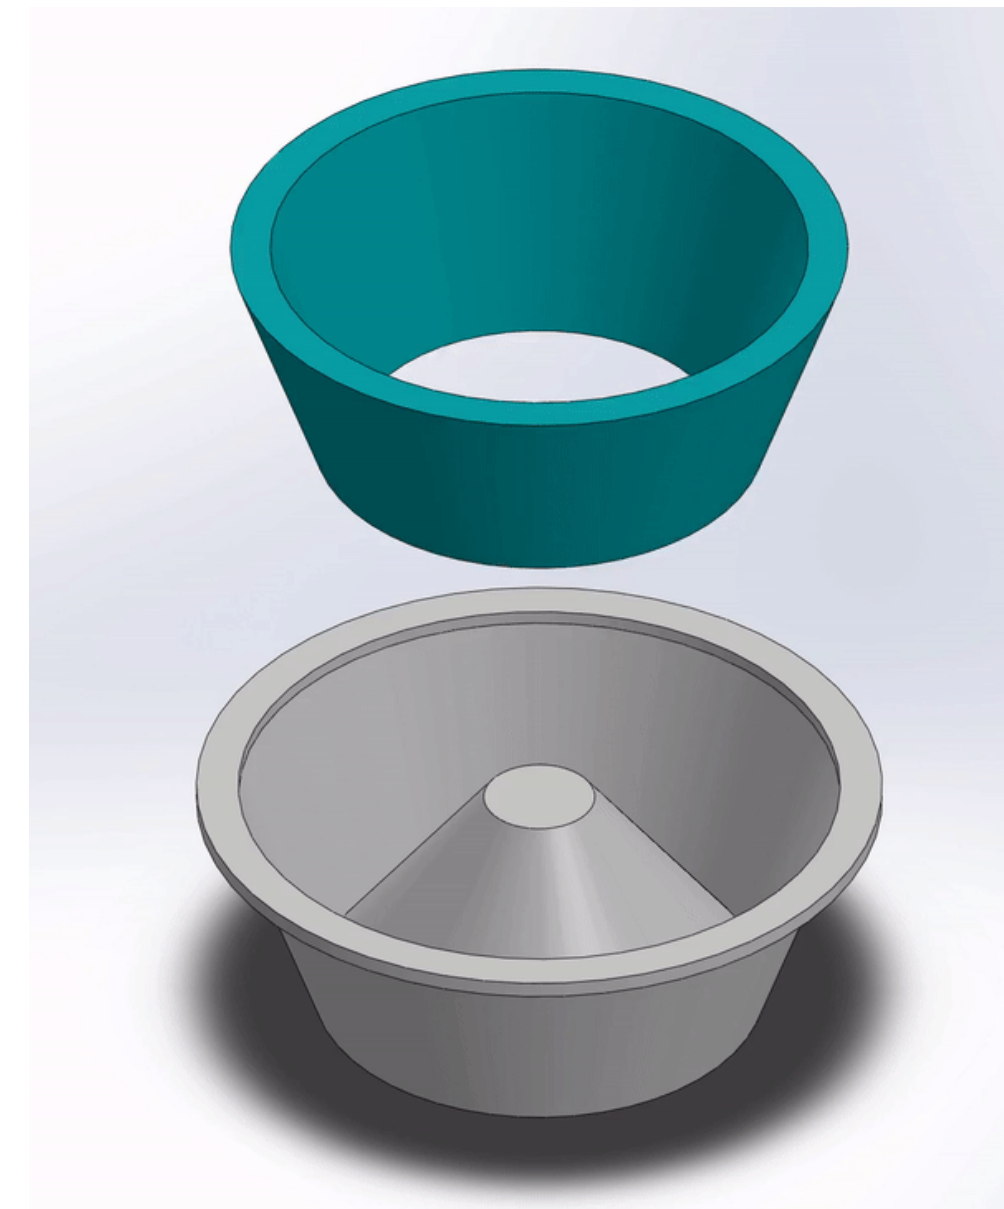

Enhancing Sustainable Aquaculture

IDENTIFIED PROBLEM

SUSTAINABLE SOLUTION

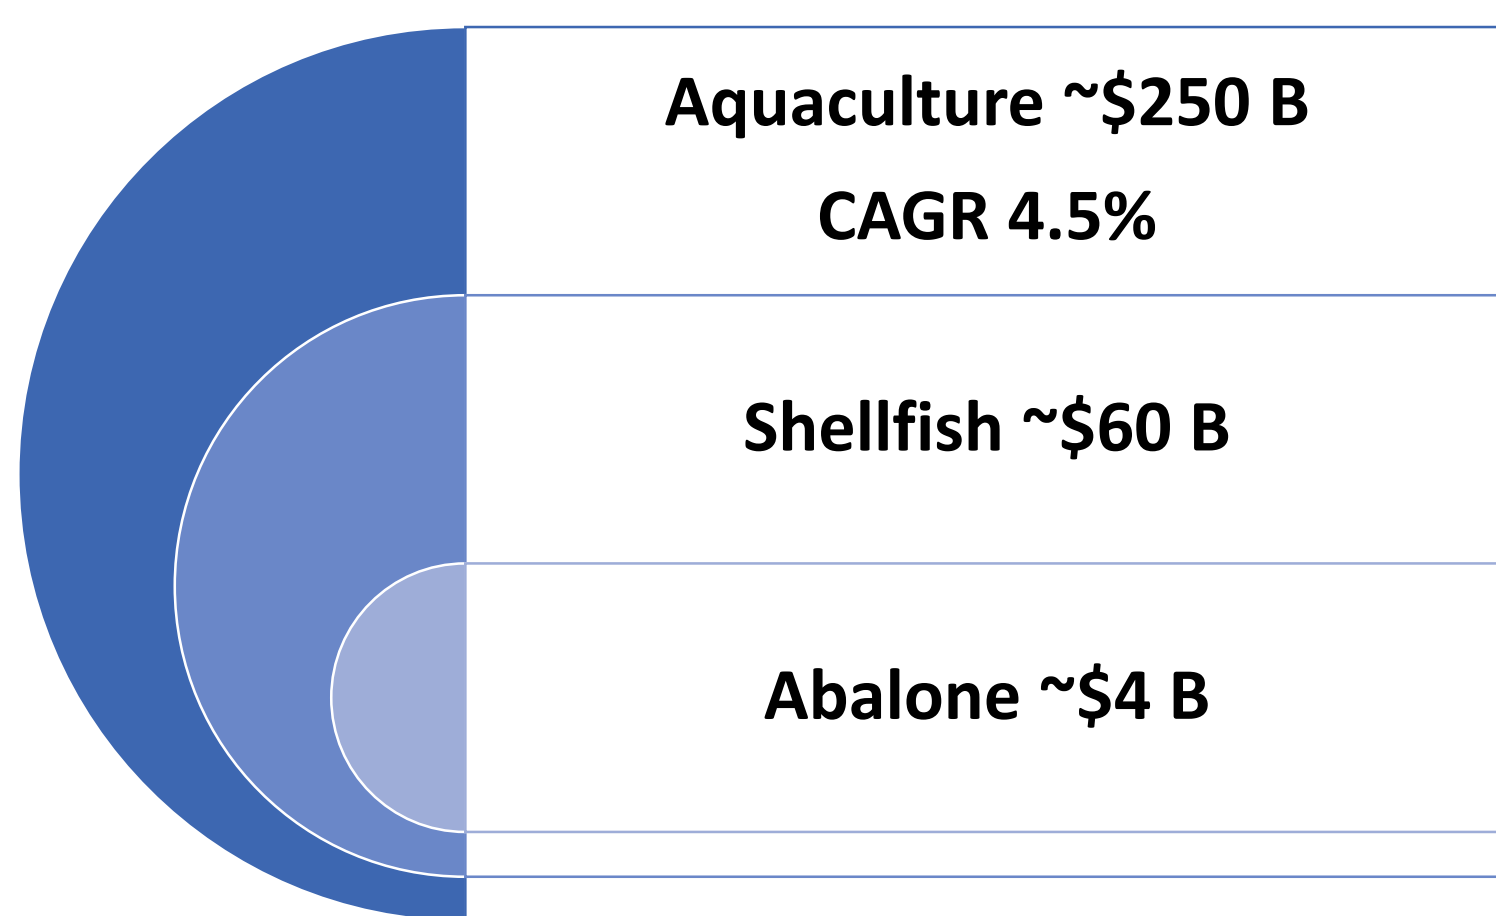

Technology

Unique magnetic fields activate muscles and increase livestock mass and survivability

Product Features

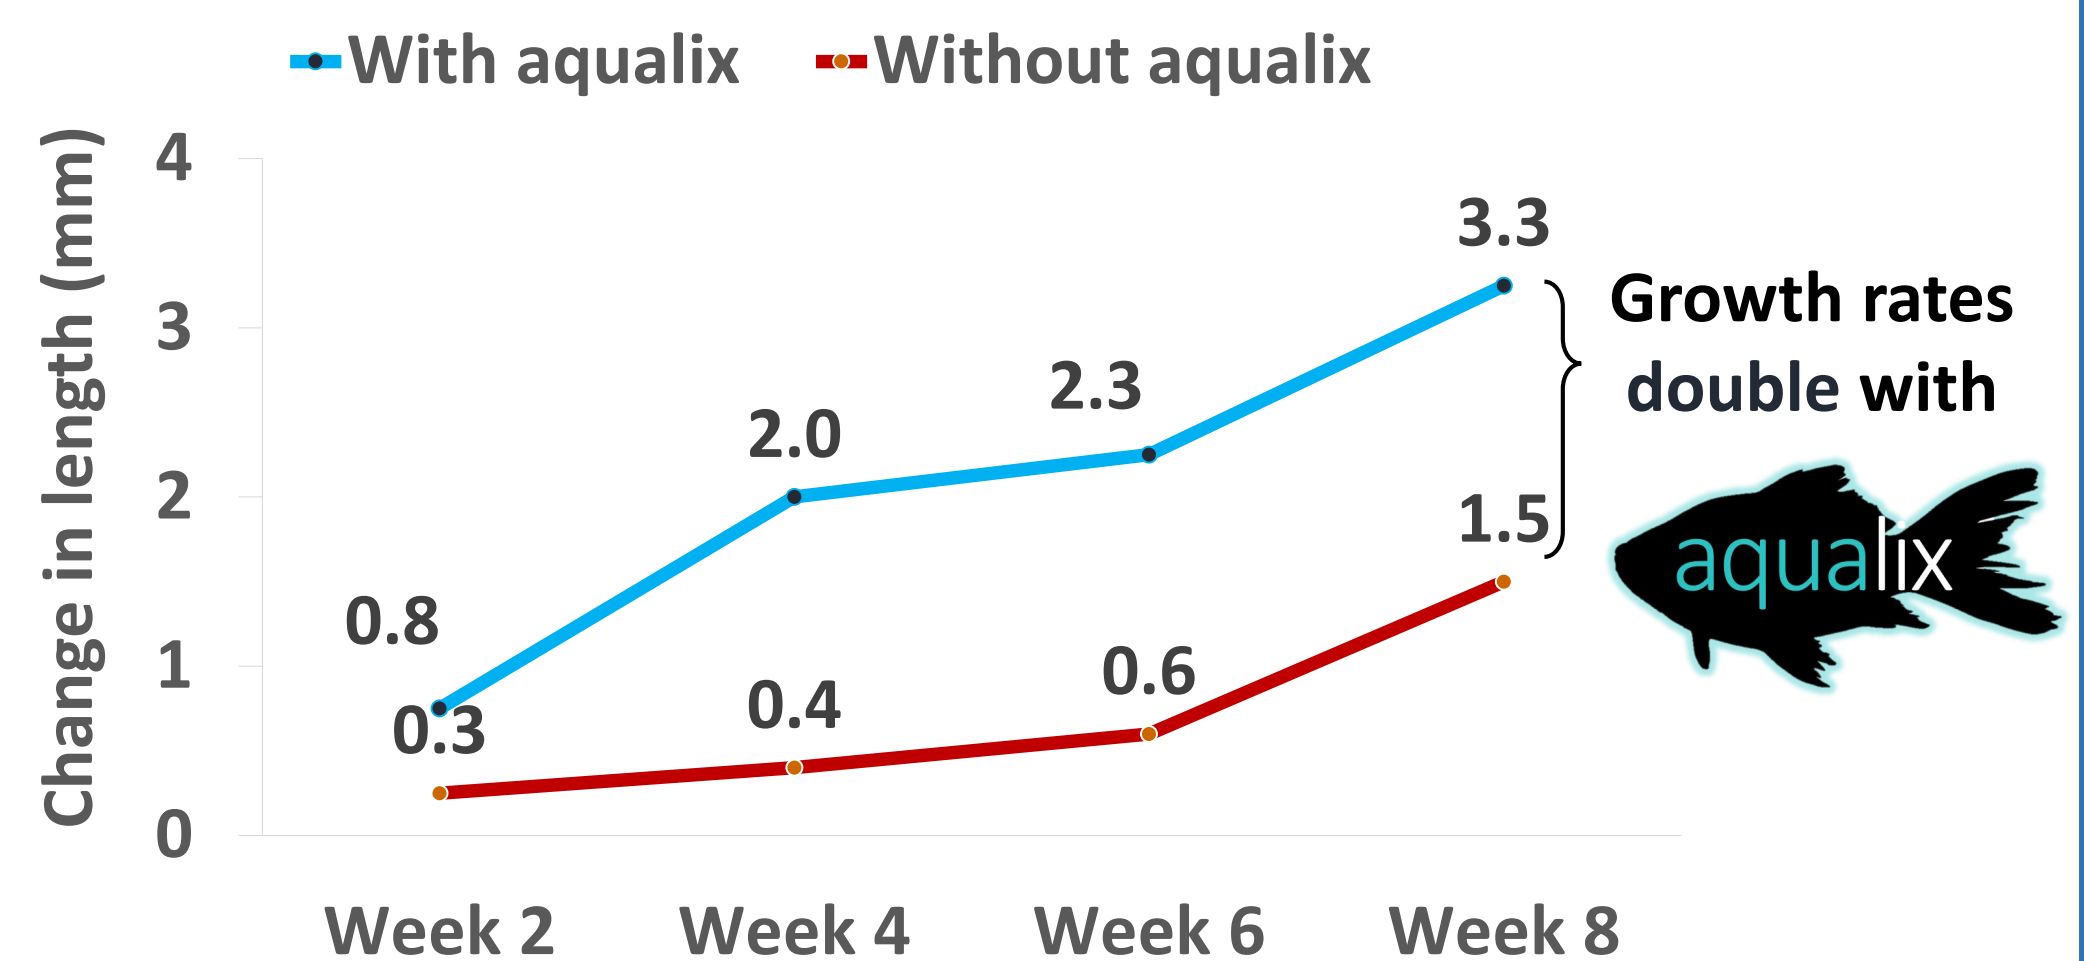

- ✓ Easy retrofit
- ✓ No-fuss application
- ✓ 10 minutes per week
- ✓ Low power operation ~25W

GLOBAL MARKET SIZE

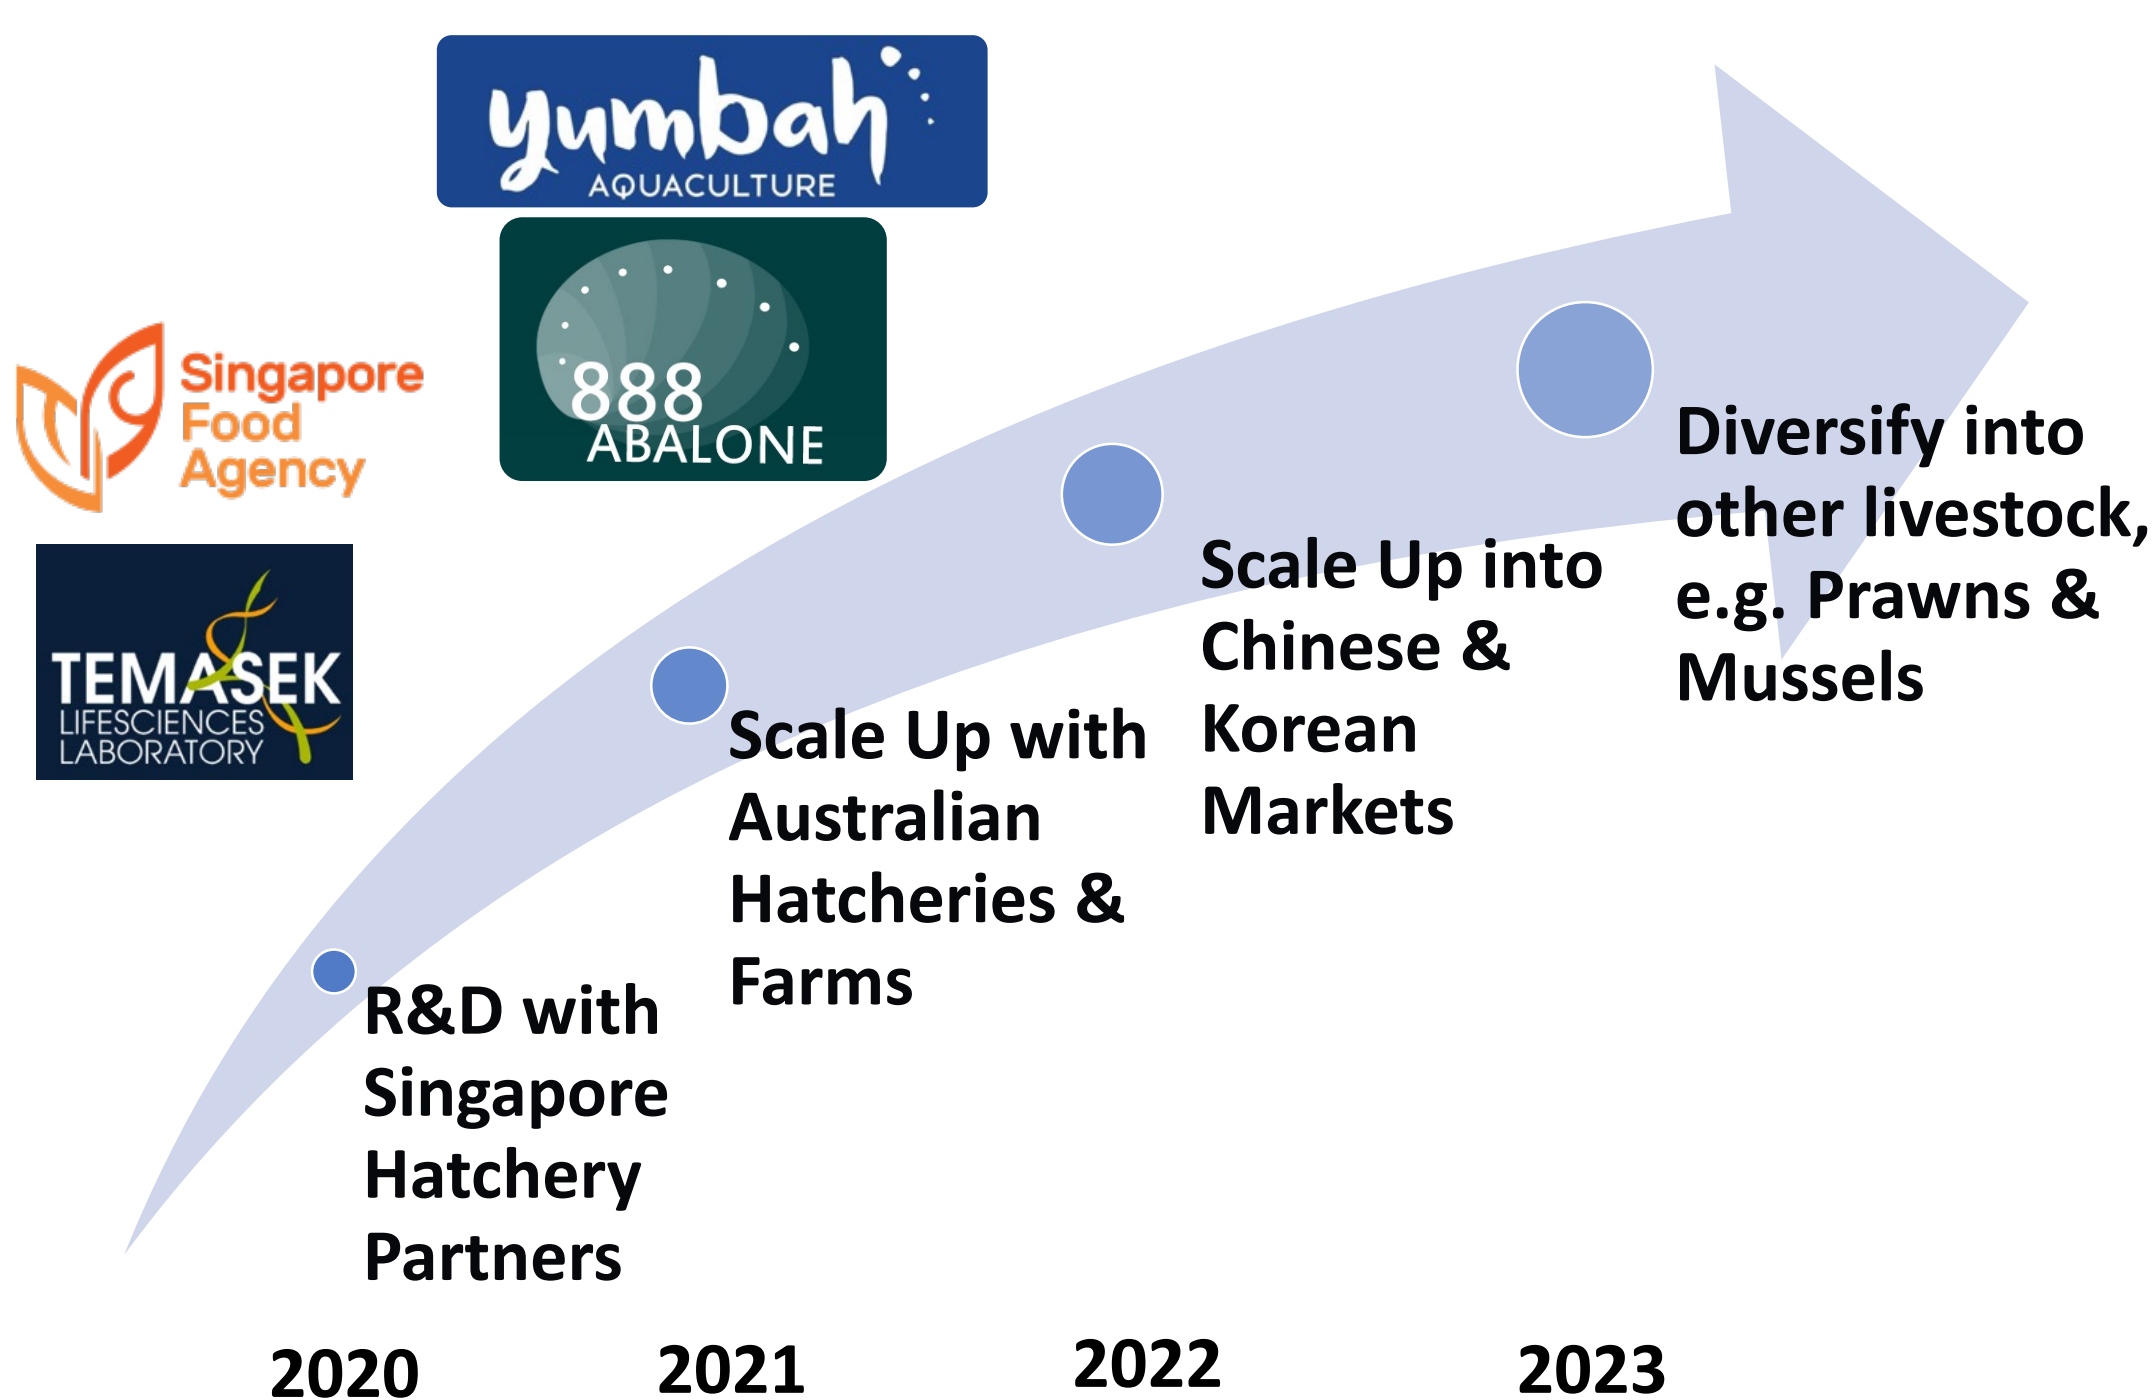

Abalone is a lucrative beachhead

PROMISING TRIALS

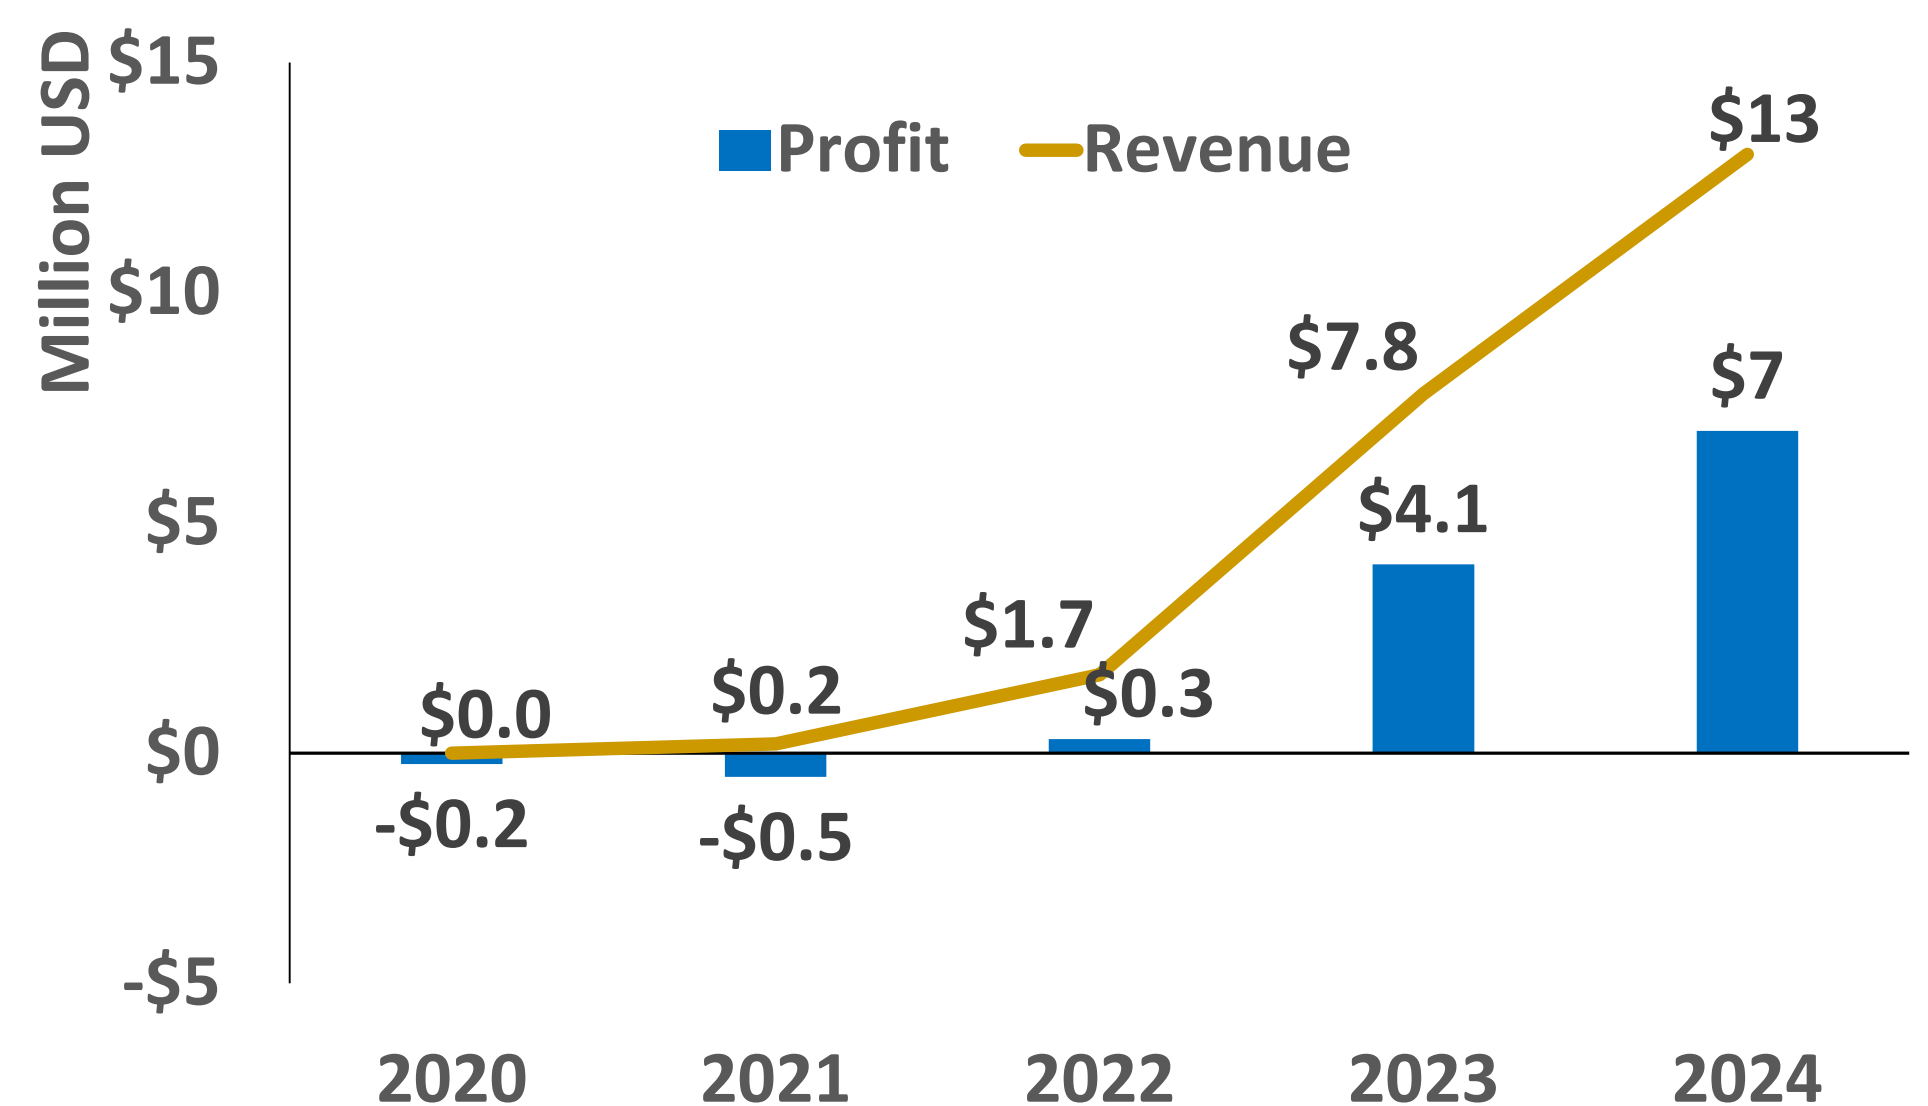

BUSINESS STRATEGY

Partners currently engaging:

FINANCIAL PROJECTION

Looking for \$1M Seed funding (\$500K to \$750K available in grants)

Expected valuation in 5 years ~\$70M-100M
