Common module in B. Eng. & BBA Double Degree programme. You have to select at least 2 modules from B. Eng. modules and 2 modules from BBA modules as shown in Table A.

You may choose not to read and double-count Table A modules, and instead fulfil the respective requirements of each degree separately. One common module represents one technical elective and one business elective. This option may be adopted if you wish to pursue a non-Finance specialization, for example.

Common module that also satisfies Business Foundation Module requirements.

Global Immersion and Study: This is a compulsory graduation requirement for BBA degree. Please refer to the BBA website: <http://bba.nus.edu/images/bba/docs/BBA17-CareerPrepModule-rev.pdf>

2 nd Degree	Classified as C2 in the database
Both 1 st and 2 nd Degrees	Classified as CA in the database

Additional modules taken will be counted towards C1, except for modules offered by the faculty of the student's 2nd degree, which be classified as C2.
