A - Important Points to Take Note:

1. The fees listed are in Singapore Dollars and inclusive of Good and Service Tax (GST). Due to the recent announcement of an increase in GST with effect from 1 Jan 2023 (7% to 8%) and 1 Jan 2024 (8% to 9%), the tuition fees will be adjusted accordingly. The fees are inclusive of 8% GST in 2023 and 9% GST in 2024. There may be slight discrepancies of a few cents as the fees per instalment are rounded up or down to the nearest cents. For more information, refer to the payment schedule table applicable to your respective cohort.
2. A non-refundable application fee of S\$100 (Exclusive of GST) has to be paid for your online application in our University's Graduate Admission System.
3. Acceptance Fee (Part of the whole programme fees) is payable upon acceptance of our offer into our programme. Acceptance fees paid are non-refundable and non-transferable.
4. Payment of fees will be on an instalment basis, paid over 2 semesters for full-time students and paid over 4 semesters for part-time students. Additional tuition fees will be charged if you exceed the maximum candidature period or the number of modular credits required for graduation.
5. Complete fees must be paid before students graduate from the programme, if not your degree scroll and official transcript will be withheld.
6. Programme fees do not include the costs of recommended textbooks and readings. The cost of living, travel, accommodation and all other forms of miscellaneous expenses are also not included in the programme fees and are to be borne by the candidates.
7. All students, whether registered on a full-time or part-time basis, are charged the Miscellaneous Student Fees (MSF) by the University. Programme fees does not include the MSF. These fees are due at the same time as the tuition fees. MSF help meet costs incurred by the University in providing services to the student community. The MSF is mandatory and the fees payable are set out [here](#).
8. Fees are reviewed yearly and thus subject to revisions. Rebates are subject to change and with rounding difference.
